

Thule Atlantis 780 – Best in Test !!!

Customer information roof box test – 09.02.2009

testfakta.se (Swedish consumer test website) has tested 6 roof boxes, among them the Thule Atlantis 780. The test was performed by ADAC (Europe's largest auto club).

The **Thule Atlantis 780** was ranked as only box in all test categories with the highest possible score.

Link to roof box test: <http://www.testfakta.se/Article.aspx?a=95985>

The tested criteria crash safety, ease of use and sealing can be summarized for the Thule Atlantis 780 as follows:

- the Thule Atlantis 780 managed as only box the simulated City-Crash test without any serious damage
- thanks to the Power-Grip, the mounting of the box was commented as very easy
- the box remained throughout the entire sealing test water tight.

Tested roof boxes:

Ranking	roof box	Score*
1.	Thule Atlantis 780	(5,0)
2.	MontBlanc Triton 450	(3,6)
3.	Jetbag Apollo 700	(3,4)
4.	Packline 80 Avantgarde	(3,4)
5.	G3 Cargo 6	(2,0)
6.	Biltema Skibox 370	(1,0)

*average score over all 3 test criteria; 1,0 is lowest and 5,0 is highest score.

This test result confirms again the high safety and functionality level of Thule roof boxes, especially of the Thule Atlantis.
